## **Second Annual Camp Mokuleia Plein Air Painting Retreat**

**March 1+, 201+**

**Instructing Artist: Mark Brown**

### **Notes from the Artist:**

The workshop participants will take advantage of the natural beauty of the Camp Mokuleia landscape and learn that each scenic spot will teach a different lesson with regards to perspective, drawing, layout, value and color.

For example, when painting looking towards the North Shore Waianae Mountains in the background, we will learn about atmosphere perspective, soft brushwork and cool colors. Also while on the same canvas, we will couple that with drawing, perspective, active broken brushwork and warm colors. As the cabins of Camp Mokuleia are rendered in the mid-ground, holding that emerging painting together will be the foreground ocean with lessons of reflective cool/blue colors from the sky, along with gestural movement of whitecaps that churns up sand/ warm colors on the shoreline.

With each painting session, another canvas, another teachable moment awaits...

-Mark Brown ([www.markbrown.com](http://www.markbrown.com))
